Community Conservation Education Grant Terms & Conditions

This program is intended to assist applicants in the development of conservation education resources. Projects can include workshops, seminars, interpreters, speakers, literature, or publications related to sustainable land management practices. Projects can include equipment required for conservation education projects such as water quality testing kits or purchasing education materials. Other similar projects will also be considered.

Objective:

- To educate District residents about sustainable land management, importance of a healthy watershed, conservation district related programming or similar conservation related matters. .

Eligibility:

- Project must take place and remain in La Salle Redboine Conservation District;
- Only organized community groups, municipalities, or schools are allowed to apply for LSRBCD funding.

Roles and Responsibilities:

The Applicant Shall:

- Submit a letter of proposal to Holland Office , stating project and services they would like LSRBCD to provide;
- Indemnify and save harmless the District from any and all actions, claims, suits, damages, injuries, or other loss no matter howsoever arising as a result of the construction, operation or maintenance of the project.

The CD Shall:

- Provide technical assistance, funding, and project implementation assistance.

Project Funding/Cost-Sharing/Incentives:

- Project funding will be determined on a project by project basis by the LSRBCD Board of Directors. Funding may be allocated to projects deemed a higher priority or better fit to LSRBCD mandates.

LSRBCD will encourage cost sharing partnerships with Municipalities and external organizations to maximize program benefits.
